### Ultra-Light Thermal Monocular with Pro-Level Features

Experience unmatched clarity and convenience in the field with this lightweight thermal monocular, weighing just 0.57 pounds with a built-in battery. Designed for outdoor enthusiasts and hunters who demand performance without the bulk, it delivers a powerful detection range of over 1300 yards thanks to its fast aperture F25/1.0 germanium lens. The high-contrast HD AMOLED display supports video recording, Wi-Fi connectivity, and seamless integration with the Stream Vision 2 app. Built tough for the outdoors, it features IPX7 waterproofing and shockproof durability, making it your go-to optic in any weather.

**Lightweight and Compact:** Weighing just 0.57 pounds with built in battery, this thermal monocular is designed for hunters who need a lightweight and comfortable viewing experience.

**Impressive Detection Range:** Equipped with a fast aperture F25/1.0 germanium lens, it offers a remarkable detection range of up to 1300+ yards, allowing you to spot targets at long distances.

**High-Contrast HD Display:** The monocular features a high-contrast HD AMOLED display with full-featured capabilities, including video recording, Wi-Fi, and compatibility with the Stream Vision 2 app for seamless integration with your smart device.

**Durable and Waterproof:** Built tough with an IPX7 waterproof rating and shockproof construction, it can withstand adverse conditions.
