The Triumph Thermal Imaging Scope was purpose-built for hunters who demand performance, reliability, and value in every outing. Designed from the ground up by Victory Outdoors, Triumph combines a rugged, compact form with advanced thermal technology—delivering exceptional clarity and range for both short and long-distance predator hunting. Engineered to perform in any condition, Triumph reflects Victory Outdoors' unwavering commitment to practical innovation and everyday usability. It's more than a scope—it's a trusted companion in the field.

Lightweight and Compact: Weighing under 500g, the Triumph is compact and easy to handle—ideal for predator hunters who need a reliable, everyday scope.

Impressive Detection Range: Detects wolves up to 2330m and rabbits up to 970m, with lens options in 19mm, 25mm, and 35mm for short to long-range versatility.

High-Contrast HD Display: Features a crisp 1024×768 OLED display, up to 13.6× magnification, and 1x, 2x, 4x digital zoom for clear target identification.

Durable and Waterproof: Built to withstand harsh conditions with IP67 waterproofing, 800g shock resistance, and operation from -20°C to +55°C.

RESOLUTION: 384 X 288
